Dear Mr. Kaku:

SUBJECT: HONOLULU HIGH-CAPACITY TRANSIT COORIDOR PROJECT

In response to your letter of July 26, 2006, and in reference to Alternative 4B, the fixed guide way alternative with a segment along Camp Catlin Road, we have evaluated our position expressed in our letter of April 27, 2006.

At this time, the route along Camp Catlin Road is not desirable until more information is provided on construction methods and environmental impacts. Based on our knowledge of your project, this route would impact current and future development of Navy family housing.

Should you have any questions or require additional information, please contact Ms. Lynn Tanaka at 473-3571 or e-mail [lynn.tanaka@navy.mil](mailto:lynn.tanaka@navy.mil).

Sincerely,

C. M. MAURER  
Captain, CEC, U. S. Navy  
Regional Engineer  
By direction of  
Commander, Navy Region Hawaii

Dear Mr. Kaku:

SUBJECT: HONOLULU HIGH-CAPACITY TRANSIT CORRIDOR PROJECT

Thank you for the meeting on January 25, 2006 to discuss the Honolulu High-Capacity Transit Corridor Project. We are excited about this future project and the many benefits to the surrounding communities on Oahu.

As a result of our meeting and based on follow on discussion with the appropriate Navy Region Hawaii program directors, Alternative 4B for Fixed Guideway Alternative along Camp Catlin Road is not desirable to the Navy at this time. This alternative would impact current and future development of Navy family housing.

Should you have any questions or require additional information, please contact Ms. Lynn Tanaka at 473-3571 or e-mail [lynn.tanaka@navy.mil](mailto:lynn.tanaka@navy.mil).

Sincerely,
